DEDICATION

"Being a class advisor is not an easy job." That was Paul Dostie's reply upon being asked to lead the Class of '95. He was right, it most certainly is not as easy job. And he wasn't exactly swimming in free time. He already was leading the high school, junior high, elementary and beginner bands at the time, in addition to being the driver's ed instructor for the entire high school. He was busy enough, but he agreed to do it anyway.

He took us under his wing at the beginning of our sophomore year when no one else had the inclination to rescue us. From that moment on, he has put his all into helping our class reach this time of graduation. Through fund raisers, proms, dances, d.j.'s, hassles and headaches, Mr. Dostie has remained the calm inside the storm we call high school. His patience, dedication, and willingness to lead our class has brought us to where we are today.

Mr. Dostie, this yearbook is for you. We hope that when you open this book in the years to come, a smile will pass over your friendly face as you remember the fun and the hardships that came from advising the class of '95. Thank you, Mr. Dostie. You will never be forgotten.

Captains
 Karrie Dandlecki & Amy Spiliotis

The 1994 Varsity Field Hockey Team ended their season with a 16-2-2 record. We captured our second straight Cape Ann League Division Two Championship and went further than any other field hockey team in Georgetown's history. Years from now when the records have been forgotten, the closeness of our teammates will not be. Being a part of this team is something we will always remember.

Thanks for the memories.
 Your Captains,
 Amy & Karrie

YEARBOOK STAFF

We wish to thank the yearbook advisors, Mr. Luca and Mrs. Clay, for seven months of dedicated service. We recognize that to be both mentors and advisors is no small challenge. Their faithfulness to the class and their counsel cannot be repaid in full, but we hope that this thank you will show a token of our esteem. Thank you for the Sunday mornings, the pictures, the grease pencils and the picas.

Sincerely,
Kate Hazzard

It has been said that our high school years are the best years of our lives. If that is true, then it is in this yearbook that we have tried to capture the memories and feelings of these years.

When we are older we will be able to look back at these pages and see how far we've come and how much we've changed since 1995. We will also think back on friends and shared experiences that have helped make us who we are.

Luca and Mrs. Clay; thank you for your guidance and for making the whole yearbook process such a great experience. The endless early mornings that went into the creation of this yearbook can be seen in the care and quality of the final product. Good bye class of '95.

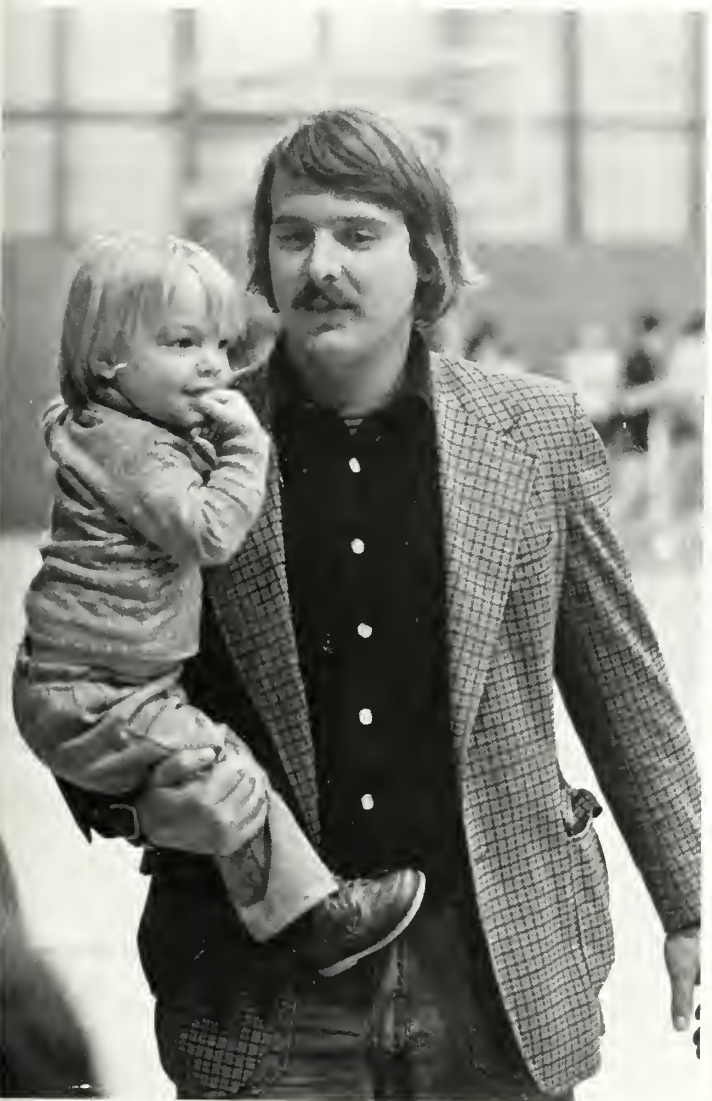

May all your dreams come true.

Keri Jackson

Hopefully, many years from now, you'll remember GHS. The yearbook of 1995 will be there to help us out. Although we may not realize it, these years spent in "the factory" were probably some of our best years. The yearbook staff hopes that we captured some of those memories in these pages and best represented our high school. A special thanks to Mrs. Clay and Mr. Luca for all their hard work and effort. It was fun, not work, creating this yearbook with Keri and Kate. Thanks everyone. I know this is the page everyone skips over and doesn't look at, but enjoy the book anyway!

Good Luck,
Chris Luca
